

# Elevate your business with online merchant services

## Seamless Payment Integration for Proposals and Contracts

Are you ready to take things to the next level? Elecate integrates with Elavon®, GlobalPayments®, and GroupISO to bring you seamless online merchant services for a smoother, more efficient experience—easy for customers and great for your business.

## Your rate. Your account.

### 1 Payment Integration & Customer Portal

- Streamline your proposals and contracts with seamless payment processing.
- Enhance client satisfaction by providing a hassle-free payment experience and portal to manage invoices.
- Automation sends pre-event deposit requests, reminders, & past-dues.

### 2 Competitive Rates and ACH Services

- Enjoy competitive rates for your transactions, optimizing your costs.
- Benefit from ACH services for efficient and cost-effective fund transfers.

### 3 Security and Safety

- We support you with access to partners who reduce risk in online payments.
- Online merchant services prioritize the safety of your transactions.

### 4 Convenience Fee Option

- Charge a convenience fee to clients for added flexibility.
- Maximize your revenue while providing a convenient payment experience.

### 5 Dashboard Insights

- Gain visibility with our comprehensive dashboard.
- Track transaction volume and value over time.
- Analyze sales trends and payment conversions for informed decision-making.
- Monitor the total number of customers and their preferred payment methods.
- Access scheduled payment information for better financial planning.

Credit Card & ACH Online

*\*Services vary by vendor*
